

# Economy Type Post-Assembly/Pre-Assembly Insertion Screws for Aluminum Extrusions For 8 Series (Slot Width 10 mm)

Economy type post-assembly insertion screws.

Tightening torque **P.2895 (2019)**

**Economy Type Post-Assembly Insertion Screws**

Material: SWRCH35K  
(Carbon Steel Wire Rod)  
Electrically Conductive  
Surface treatment: Trivalent Chromate

**RoHS 10**

**HATL8-8**

**Effective Length of Economy Type Post-Assembly Insertion Screws**

| Part Number    | L  | H    | Applicable Extrusion (Series) | Reference Tightening Torque (N·m) |
|----------------|----|------|-------------------------------|-----------------------------------|
| <b>HATL8-8</b> | 20 | 17.0 | 8 Series                      | 23.5                              |
|                | 25 | 22.0 | 8-45 Series                   |                                   |

Part Number Example: **HATL8-8** - **20**
