

Flat Air Nozzle

Standard Type (Resin/Metal), Wide Type, Compact Type (Resin/Metal)

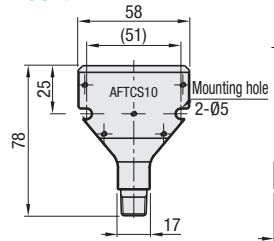

Standard Type (Metal)
Cast

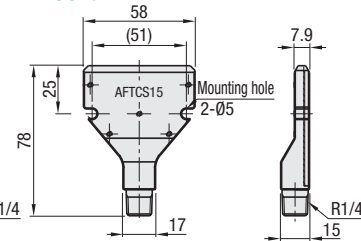

RoHS 10

Type	Material	Max. Operating Pressure	Heat Resistance Temp.
AFTCS	304 Stainless Steel	0.4MPa	200°C

AFTCS10

AFTCS15

Applications: For removal of oil, water droplets, and debris; cooling/drying; air curtains, etc.

- ⊘ Do not disassemble the main body.
- ⊘ The part number is engraved.
- ⊘ The nozzle tip has an indentation to protect the orifice.

Part Number		Orifice	Air Flow Rate NL/min (at 0.3 MPa)	Weight (g)
Type	No.			
AFTCS	10	13-□0.7	240	160
	15	13-□0.9		

Part Number Example

Part Number
AFTCS15
